I am a motivated student with a strong work ethic and a positive attitude.

My goal is to continue my education and learn more about the business of sports communications. I am interested in broadcast journalism and have dedicated my academic studies to preparing me for a position in this field. While I am passionate about all aspects of sports broadcast journalism, I have developed skills in writing and production that make me an excellent candidate for any newsroom. I have completed my Junior year at Bowie State University and am seeking an internship opportunity to enhance my classroom and in-field experience.
